

Christmas Revelry

In time-honoured tradition, the Southampton Circle brothers, their wives, family and friends joined together to celebrate Christmas. Bro President and his wife hosted the event and the evening was typical of the relaxed entertaining style that has been a part of his presidency. It was a most enjoyable evening that went by too quickly. The only missing element was Bro President's excellent joke-telling!

Our 'Ac-cordial' Entertainment

Everyone was amazed when Bro President and Bro Vice President's wife each produced an accordion and played for our entertainment. We sang along to traditional songs and country music for the bravest of us to dance along.

There were also very amusing recitals based on a Christmas theme.

The festivities began with a rendition of 'The Twelve Days of Christmas'. Each table was given a card denoting their part in the song although some tables had more than one!

Our Compere

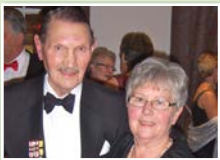

Bro Vice President was our comperre for the evening.

The Raffle

Bro President and his wife provided lovely items for the raffle including a one night stay at the Dolphin Hotel. Table 5

had to the good fortune to scoop up most of the prizes which caused Bro President to resort to praying that his lucky number would be chosen (see right)!

The Photographer

Thanks to our photographer who took all the photos for this supplement (seen left with a Southampton brother).

**Happy Christmas
Southampton Circle
and families!**
